

# **developing treatments for the aging brain: lessons from the Alzheimer's Prevention Initiative**

Eric M. Reiman, MD · Banner Alzheimer's Institute & Banner Research  
Translational Genomics Research Institute · University of Arizona · Arizona Alzheimer's Consortium

the problem

biomarkers could help

no APOE4 genes

1 APOE4 gene

2 APOE4 genes

clinical AD

Fleisher et al, *Lancet Neurol* 2012; AAIC abstr 2013

25 years before kindred's median age at clinical onset  
mutation carriers, healthy

Fleisher et al, *Lancet Neurol* 2012

but...

ALZHEIMER'S  
**PREVENTION**  
INITIATIVE

lessons

make the case

set the stage

establish the endpoints

work together

lower hanging fruit

*timing & luck*

patience, persistence & proactivity
